

The Music of Kansas, Styx & Foreigner

KSF was formed in Connecticut in 2019 by six veterans of the music scene. The goal is simple: to provide the audience with an authentic sonic recreation of three of music's most iconic bands of the '70s and '80s:

Kansas - **S**tyx - **F**oreigner

KSF is available for theater bookings, private events, casinos and town festivals.

We offer 45 to 90 minute performances as an opener or headliner, as well as provide up to three hours of music for your special event.
